

Academics at The Wembley Club

In addition to the private tutoring services, the following math workshops will be offered by Kelly Barr

Mini Math Club for Students in 3rd – 5th Grade

This workshop will help develop students' problem solving skills and provide a supplement to the math curriculum used in the classroom.

Session Dates: 6 week session. Class meets every Tuesday evening from 6:00 pm – 7:00 pm beginning September 8th through October 13th.

Session Fee: \$75 Wembley member or Academic Club member/ \$99 non-member

A minimum of 6 students must register in order for this workshop to be held.

Math Olympiad Training for Middle School Students

This workshop will help prepare students for the AMC 8 and MATHCOUNTS. Students who have trained under the direction of Kelly Barr for this competition have scored in the top 3% internationally on the AMC 8 and have advanced to the State round of the MATHCOUNTS competition.

Session Dates: 6 week session. Class meets every Tuesday evening from 6:00 pm – 7:00 pm beginning September 8th through October 13th.

Session Fee: \$75 Wembley member or Academic Club member/ \$99 non-member

A minimum of 6 students must register in order to this workshop to be held.

Math Olympiad Training for High School Students

This workshop will help prepare students for the American Mathematics Competitions, the AMC 10 and the AMC 12. Many of the nation's highly selective colleges and universities ask for a student's AMC score. Students who have trained with Kelly Barr for this competition have advanced to the prestigious AIME round of the Math Olympiad competition.

Session Dates: 6 week session. Class meets every Tuesday evening from 7:00 pm – 8:15 pm beginning September 8th through October 13th.

Session Fee: \$75 Wembley member or Academic Club member/ \$99 non-member

Instructor: Kelly Barr.

Instructor Credentials: Kelly is an electrical engineer and homeschool mom of three. Her oldest child graduated from homeschooling in May 2015. He is a 2015 National Merit Scholar and a member of the MIT Class of 2019. Kelly was awarded the State MATHCOUNTS Certificate of Achievement for exceptional commitment and outstanding achievement in fostering excellence in Mathematics. Kelly was also recognized by the Mathematical Association of America for her dedication to excellence in education.
